## MUCH NEWS

Work to Begin on the New Car Department of the Illinois Central.

### THE NEW CHIEF CLERK

The Big Picnic Will Take Place Tomorrow Without Fail—Chief Clerk Morris Leaves.

### NEWS FROM ILLINOIS CENTRAL

All the arrangements for the Illinois Central employees big picnic tomorrow at Kuttawa have been completed and it will be even more successful than that of last year. The company has allowed twelve coaches and one baggage car to accommodate the picnickers and the train will leave Eleventh and Broadway at 7:30 sharp. The following persons composing a committee have been appointed to have charge of the excursion. George Bonnard, J. E. Geoghegan, J. C. Martin, O. W. Theobald, E. A. Wheeler, John Schroeder, R. H. Cleary, A. M. Dustin, Henry Fraz, M. H. Howitt, V. G. Berry, F. Gardner, Emil Frusse, Ira Landrum, Pat Rogers, A. M. Beitz, John McCann and Sam Hingham.

The program for the day is as follows: Back race, wheelbarrow race, three legged race, egg race, foot race for boys under fourteen and foot race for girls under fourteen. A wrestling match has also been arranged but the names of the principals are withheld by request. They are well known wood workers and have a reputation as wrestlers and all round athletes.

The Wood Workers and Iron Workers did not play at Rowanborough yesterday on account of the weather but will meet tomorrow at the Kuttawa grounds to decide the championship of the shops. There will probably be several speeches made and other numbers arranged for the program.

Mr. L. I. Hamardner, formerly chief clerk for Master Mechanic M. G. Hammerman, at Clinton, Ill., arrived in the city last night and will accept the position as chief clerk here immediately.

Mr. Chan Morris will leave tomorrow or Wednesday for Battle Creek, Mich., where he will take a three months' vacation. He will not retain the position of chief clerk but will accept another position, probably in the traffic department where he will have no office work to do. On account of the confinement Mr. Morris' health failed and he finds it necessary to give up office work. His many friends will regret to learn of his departure but will be pleased to learn of his change to a higher office which has been offered but is not yet ready to make public.

Four coaches and one baggage car were bought into the city this morning on the accommodation from Fulton to be used by the Illinois Central picnickers. There will be another commencement this afternoon or tonight and by tomorrow morning the train will be awaiting the excursionists. The rain today threw a damper over the hopes of the people but it will be remembered that last year a big rain fell the day before the picnic but the next morning was clear and bright. The picnic cannot be postponed and will go even if the elements are out in full force.

Flagman Gibson, who was injured several weeks ago in a difficulty with a negro, is again on duty but has not fully recovered from the injuries he received.

Mr. Thomas Leake, the master carpenter of the entire Illinois Central system, arrived in the city this morning from Chicago to begin work on the burned car shop. The company has decided to rebuild at once and the work of clearing away the debris has already gained great headway. The site will be ready for the foundation by the last of the week and the work of rebuilding will be commenced immediately afterward. The building will be the exact duplicate of the one burned with possibly a few improvements and changes.

The employees in the freight car repairing departments are working a little short but the main part of the force is working. The fire effected the department only and the machine and blacksmith shops are running with full force and have all the work that can be attended to.

The planing mill and other departments of the Illinois Central burned Saturday morning will be rebuilt at once. Supt. Wallace and Roadmaster Galvin arrived Saturday evening and at once put a force of men to work, clearing away the debris.

The local officials say that they investigated the run made by the fire de-

partment and found that it was made in exactly six minutes after the alarm was turned in. They compliment the firemen in the highest of terms and especially Chief Wool and Assistant Augustus, who got around on top of buildings, under buildings and in places that few much smaller or younger men would hardly go, with great ease.

### CITY'S SICKNESS.

REPORTED THAT THERE ARE FEW SERIOUS CASES IN PADUCAH.

From present reports there are only two cases of typhoid fever in the city. The patients are Miss Mary Halloran at the Illinois Central hospital and Mrs. William Yates, of South Eighth street.

A Sun representative visited the doctors this morning and made special inquiry relative to the cases of typhoid fever and the general sickness of the city. The physicians all report a scarcity of sickness and say there is less sickness in the city at present than there has ever been at this time of the year in many years. All the few cases of fever that can be found are slight attacks of malarial fever and few of the patients are confined to their beds.

Health Officer Graves reports fewer deaths last month than in many months. "The sickness at present," he stated, "is slight and I don't believe I have ever known the sickness to be so mild since I have been in office, especially considering the extreme hot weather we have just passed through."

### PRELIMINARY PAPERS.

CITY OF MEMPHIS TO ANSWER NEXT WEDNESDAY.

The papers were served at the instance of two deckhands, Frank Simpson and Alvey McWilliams who claimed \$5 each for services as such. The captain of the boat will appear here Wednesday morning and answer before Squire Harter.

### BOY BREAKS AN ARM.

The two year old son of Mr. Sam Rice, of South Fourth street, was injured in a peculiar manner yesterday. His mother was leading him by the arm when he suddenly took a notion that he did not need assistance. He attempted to jerk away from his mother's grasp and in doing so badly dislocated his arm. Dr. Pendley was called and he soon had the little fellow's arm set again. It is hardly probable that he will refuse assistance again in the near future.

### Y. M. C. A. MEETING YESTERDAY

Mr. Will Reid, of Nashville, the brother of Rev. J. C. Reid, of the Cumberland Presbyterian church, of the city, spoke at the men's meeting at the Y. M. C. A. yesterday afternoon. The attendance was good and the talk highly interesting. There was no boys' meeting on account of the threatening weather. The work at the Y. M. C. A. is progressing rapidly and the committees are doing good work.

### STRIKE IS NOT EXTENDED

Decayed Remains of a Fruit Tree Agent Found Near Whitesburg—Was Murdered.

### A FIGHT IN CLAY COUNTY

THE STRIKE SITUATION. Pittsburgh, August 5.—It is reported that the steel strike will not be extended, for the present, at least, as the strikers desire the contributions of the men at work to continue their strike.

It is rumored that the directors of the steel trust are not satisfied with the attitude taken by Pierpont Morgan, and will reopen negotiations with strikers.

President Schaeffer, however, says that the employees of the entire Amalgamated Association will be called out within the week. He can't tell the number, but it will probably reach four hundred thousand. It has not been decided whether federation of labor will call a sympathetic strike.

### MANY DRUNKS YESTERDAY.

Officer Tom Orr says he saw more drunken men yesterday in the southwest end of the city than he had seen for years in one day.

"They come to the depot and fall around among the ladies and other waiting passengers and raise trouble in general," he said. "Most of them are from neighboring cities, and come to Paducah to 'get full.' I made one take a friend out in the woods yesterday and stay with him about three hours, until his train arrived. It is not customary to arrest common drunks, if the men intend to leave the city but some of them are so noisy and offensive that it is necessary to lock them up."

## FLOATER FOUND.

Partially Dressed Body Proves to Be Jas. M. Frazer, Formerly of Todd County.

He Was First Missed Last Night—The Inquest Will Be Held This Afternoon Sometime—Committed Suicide.

Marshal Sanberry, of Brookport, was crossing the river this morning en route to the city when he ran across a floater in the river about fifty feet from the Kentucky side opposite Brookport. He hooked the body and towed it to the bank where he left it and came to town to notify the authorities. Justice R. J. Berber was notified of the find and in company with County Attorney Graves went to the scene to hold an inquest. The floater was a white man about medium build and was naked with the exception of a shirt.

The floater was brought to Nance's undertaking establishment this afternoon at 2:30 and identified by Mr. W. T. Poor, of North Third street, as Rev. James M. Frazer of near Elkton, Todd county.

"There is no mistake about his identity," Mr. Poor remarked, "as he is my father-in-law and left my house only last night. We could find no trace of him although we looked in every conceivable place for him." He was about 55 years of age and had been in Paducah several weeks.

His family left his home in Todd county some time ago and went to Jackson, Tenn. He came to this city to look up his daughters, one of whom Mr. Poor married, the other being with Dr. Wash Smith, of Brookport.

He has been living with Mr. Poor since his arrival in Paducah and was first missed last night shortly after dark. A search was begun, and came to this city.

### OTHER CASES TRIED TODAY

Bob Hayes and Boone Willoughby, two young men who were with Black-skin Bill the season just closed, filled up on something stronger than water yesterday and started down Third street under the feed delusion that they were in the wild and wooly west, on the trail of pecky Redskins. They each had a pistol, and began the performance near Clark and Third.

Constable Patton heard several shots fired in front of his house and ran out, finding Hayes, who attempted to shoot the officer, or rather pointed the pistol at him twice and threatened it, and when the constable's dog rushed to the rescue Hayes began shooting at the animal, but proved that he is not much of a shot, as he didn't hit him once.

The constable concluded he had caught a tar of the most truculent type, and gave up his subjugation as a bad job.

The bloodthirsty pair were arrested later on, and were charged in the police court this morning with carrying concealed weapons. They offered no defense, and were fined \$50 and costs each and given twenty days in jail, and Hayes was fined \$50 and costs for furnishing the pistol. Willoughby was a soldier in the show, it seems, and still wears his uniform. The young men have had this time found out that the show is over.

Judge Sanders does not think that the police have any right to arrest a drunken man who is inside of a house, unless he is creating a disturbance. Tom Moore and Fred Uppenhoven, who came in on a boat, and had been worked extra time, were asleep in a West Court street house, and were arrested by the police for being drunk, having gone to sleep in a parlor. Judge Sanders dismissed the case.
